

EXPAND YOUR MENU... AND PROFITS

SMARTTOUCH™ VENTLESS FRYERS

Simple and intuitive touch screen controller makes cooking quick and easy!

UNIQUE AUTO-COMP™ *with SmartTouch Controller*

Automatic temperature compensation, meaning controller will add or subtract time based on the degree of temperature difference compared to set point, to ensure product is fully cooked.

FULL COLOR DISPLAY *food photo, up to 100 presets*

Controller is preloaded with all your favorite Broaster Foods products and photos so it is easy to see what you are cooking. Controller can store up to 100 menu items for quick recall.

ON SCREEN PROMPTS

On-screen prompts assist users in operation and maintenance functions.

ACCESS DOOR TO PRODUCT

Front load access door allows for convenient ease of loading and unloading of product. Cleanup is also easier with no additional shoots or doors to manage.

ROUND COOKING WELL DESIGN

Proven round well design is engineered for durability, more even heat distribution, and efficiency; no cold spots or corners.

AUTO-LIFT

Ensures consistent product output by automatically lowering and raising the cooking basket

Add Wings and a Broaster Ventless Fryer to your menu
